The diagram shows a hierarchical structure with a central node labeled $()$. The structure is composed of several levels of nodes connected by vertical lines. The top level has one node. The second level has two nodes. The third level has three nodes. The fourth level has four nodes. The fifth level has five nodes. The sixth level has six nodes. The seventh level has seven nodes. The eighth level has eight nodes. The ninth level has nine nodes. The tenth level has ten nodes. The diagram is enclosed in a rectangular frame with a toolbar at the top and bottom.

The image shows a windowed application interface. At the top left, there is a small white rectangular box and a blue square icon with a white arrow pointing up and to the right. The main area of the window is white and contains a sparse grid of symbols. The symbols are arranged in a roughly rectangular pattern and include:
